DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-9, 11-13, 16 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Chi (5,575,540).

Regarding claims 1-4 and 22, Chi discloses a seal assembly for a bicycle bottom bracket (see fig. 3) comprising a support (71), an outer seal (72) extending circumferentially around a radially outer surface of the support, and an inner seal (not numbered) extending circumferentially around a radially inner surface of the support.

Regarding claims 5-9, 11-13 and 16, Chi discloses a seal assembly wherein the support (71) comprises a tubular member and an annular base member wherein the inner seal is disposed at a radially inner edge of the base member. Chi further discloses an inner ledge extending from a radially inner side of the base member wherein the inner ledge comprises an inner tubular member. Matsui also discloses an outer ledge extending from a radially outer side of the base member wherein the outer ledge (711) comprises an outer tubular member.

Art Unit: 3682

Allowable Subject Matter

3. Claims 10, 12, 14, 15, 17-21 and 23-36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments, see amendment, filed 7/29/03, with respect to the rejection(s) of claim(s) 1-36 under Matsui have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Chi.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 3682

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
